

REMARKS

Applicants appreciate the phone conference with Examiner Hong where he requested a supplemental declaration to be executed to correct the typographical error in the proposed declaration. Enclosed herewith is a redrafted proposed declaration as being forwarded to the inventorship for execution.

In reviewing the claims submitted in the amendment of November 14, 2003, it was noted that there was a typographical error in Claim 1 by inadvertently including "a disc" in line 2. These claims have now been resubmitted to address this error.

Applicants will submit a revised application declaration which removes the typographical error referring to Claim 25 twice instead of Claim 26 and also to address the inadvertent inclusion of Claim 9 and Claim 20. Additionally, the declaration also defines the amendment to Claim 7 consistent with the previous approved Rule 312 amendment for Claims 1 and 4. Claim 7, however, had not been proposed to be amended by the Rule 312 amendment and was not submitted with the amendment. Accordingly, it is believed that it is appropriate to also mention Claim 7 in the declaration.
